Recurring Attack Surface Mapping

€250/mo

6-MONTH MINIMUM

One payment of €1,500 for the 6-month term.

Continuous attack surface monitoring on a 6-month minimum.

// DELIVERABLES

- See Attack Surface Mapping + Vulnerability Report sheet for testing detail.
- Scheduled re-enumeration of the external footprint at an agreed cadence.
- Change-detection reporting: newly exposed assets, services and ports since the last cycle.
- Alerts on material new exposures.
- A continuously maintained external asset inventory.

// EXPECTED OUTCOMES

- Early detection of shadow IT, forgotten deployments and newly exposed services.
- Reduced time-to-detect on changes to the internet-facing footprint.
- An always-current external asset inventory.

// METHOD OF ENGAGEMENT

Retained monitoring run remotely. Recurring scans, automated change detection against the prior baseline, alerting, and periodic reporting.

// TIMELINE

6-month minimum. Baseline established in week 1, then continuous monitoring with a regular reporting cadence.

- Project management is included in all prices.
