Security Posture Review

€650

DISCOVERY PHASE

Discovery engagement with your GRC and ITSM teams to assess current posture and map a path to compliance. Subsequent phases scoped to your needs and budget.

// DELIVERABLES

- Discovery workshops / interviews with your GRC and ITSM teams, plus document review.
- A current-state security posture assessment.
- A gap analysis against the target compliance framework.
- A prioritised path-to-compliance roadmap and a proposal for scoped follow-on phases.

// EXPECTED OUTCOMES

- A clear, honest baseline of where the organisation stands today.
- A defined roadmap toward the chosen compliance target.
- Scoped, budgeted next steps rather than an open-ended commitment.

// METHOD OF ENGAGEMENT

A discovery-led engagement combining stakeholder workshops, documentation review and a control-maturity assessment against an agreed framework.

// TIMELINE

Indicative: discovery phase ~1–2 weeks. Subsequent phases are scoped and quoted separately.

- Project management is included in all prices.
